

The background is a dark, almost black, gradient. It is decorated with numerous water droplets of various sizes and shapes. Some are large and prominent, while others are small and scattered. The droplets have a realistic, glossy appearance with highlights and shadows, giving them a three-dimensional look. They are distributed across the entire frame, with a higher concentration in the upper and lower corners.

VODOTORANJ

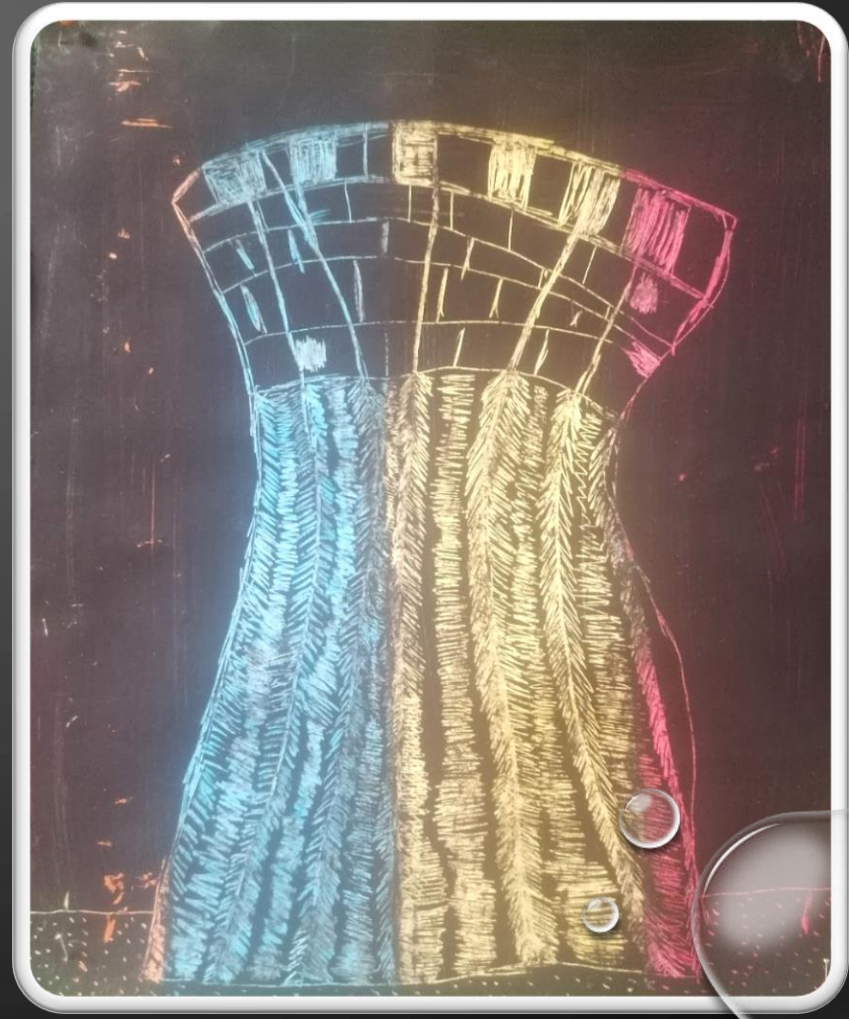

- SIMBOL VUKOVARA,
GRADA HEROJA

Povodom

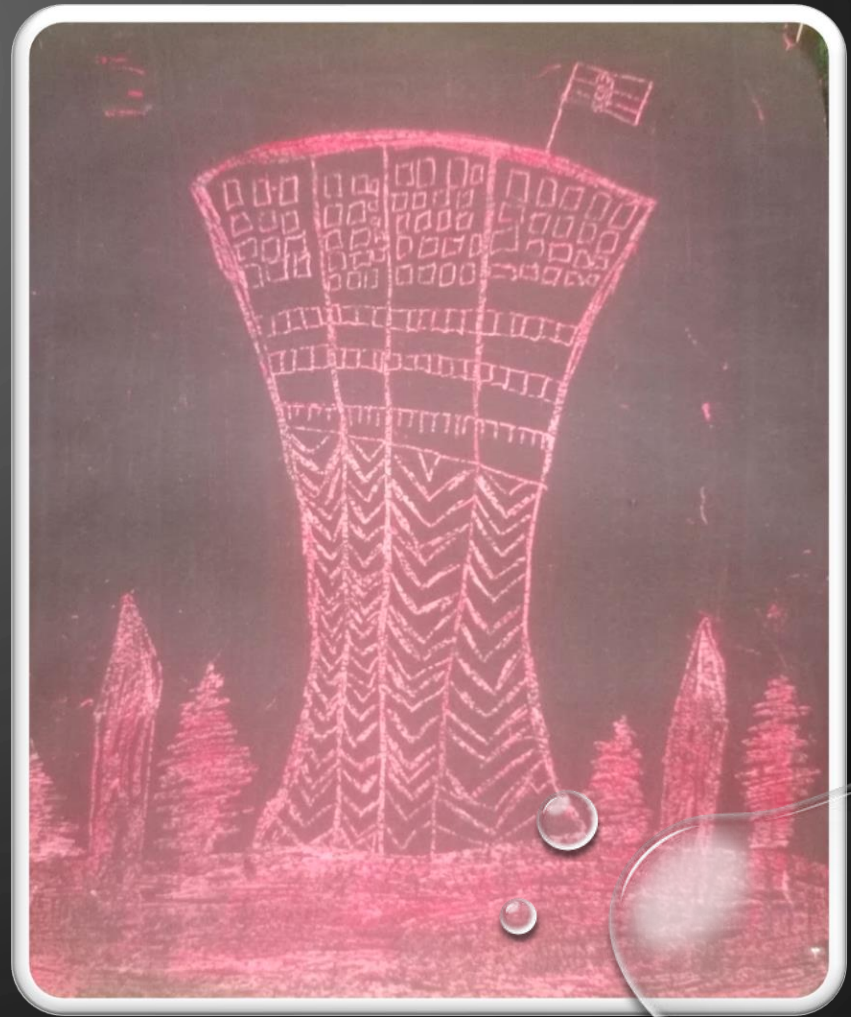

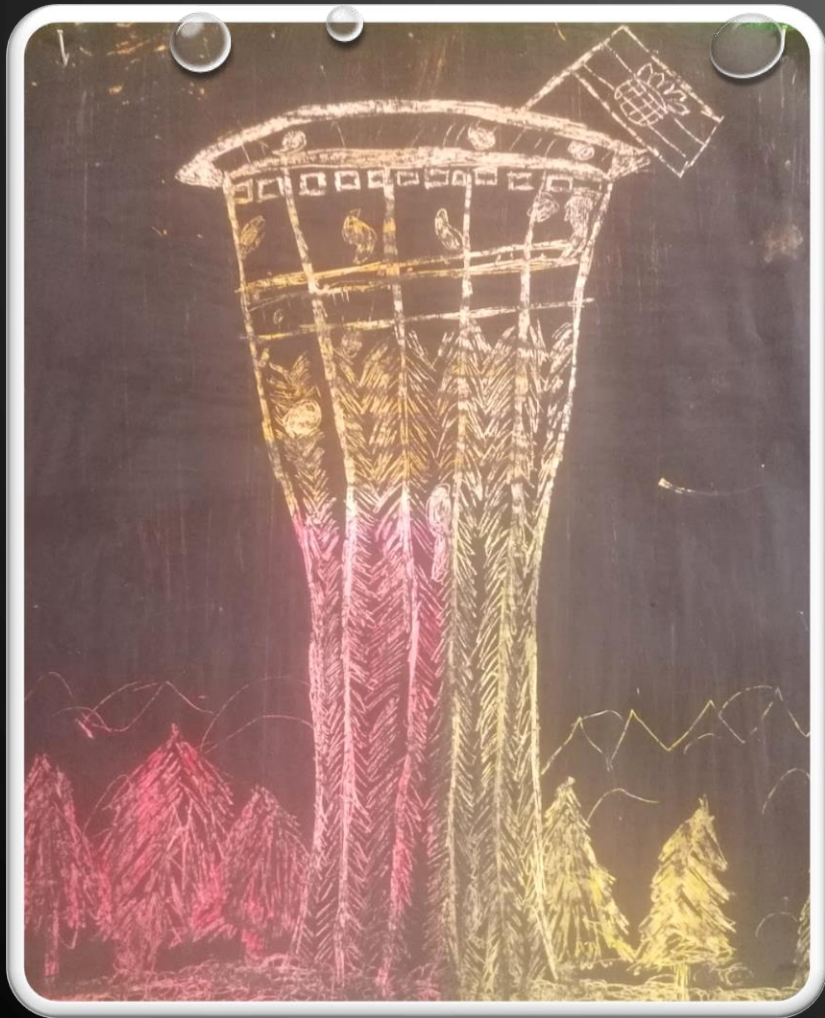

Dana sjećanja na žrtve Domovinskog rata
i
Dana sjećanja na žrtvu Vukovara i Škabrnje,

VUKOVAR 1991.

Ima gradova
od kojih ne osta ni znamen
ima gradova
od kojih ostade samo ime
urezano u kamen.

Ima gradova
koji zrače svjetlošću zvijezda.
ima gradova koji pružaju utočište
i toplinu gnijezda
ima gradova
koji su mržnji zatvorili vrata
ima gradova
kojima je sloboda draža od zlata
ima gradova
koji će se iz pepela ponovno roditi
ima gradova
koje će ljubav i hrabrost
osloboditi.

Ima jedan grad
koji je hrabrošću nadmašio
sebe
i sve naše snove
zbog njega se sloboda
Vukovar zove.
